About mahdiyar Company:

Mahdiyar Company was established with the aim of producing and supplying dried fruits, particularly high-quality raisins that meet international standards. With over 15 years of experience in the dried fruit industry, it is recognized as one of the leaders in this field in Iran. Mahdiyar's products are produced under strict quality control and adhere to global standards. Every stage of production, from harvesting to packaging, is carried out meticulously to deliver the highest quality to customers. We are committed to offering natural and healthy products that meet our customers' needs in the best way possible.

Raisins, dried grape berries are one of the most popular and nutritious natural snacks. This product not only has a sweet and delicious taste but is also packed with essential vitamins and minerals for the body. By choosing raisins, you're selecting a tasty snack and investing in the health of yourself and your family.

Products

Mahdiyar proudly offers a collection of its finest, high-quality products

Green Raisins (known as Nut Raisins)

Appearance: Typically oval and elongated grains

Texture: Soft, moist, with a thin, shiny skin

Color: Usually light green or olive green

Taste: Sweet and mildly tangy

Moisture content: Between 15 to 20%

Source: Made from Askari or Peykami grapes

Processing: Sun-dried or using drying machines

Packaging: Hygienic, available in small, large, and bulk packages

Target markets: Middle East, Europe, East Asia, North America

Golden Raisins

Appearance: Typically oval and slightly elongated grains

Texture: Soft, thin, and shiny skin

Color: Bright yellow or golden

Taste: Sweet and delicious with a mild aroma

Moisture content: Between 15 to 20%

Source: Made from white, seedless grapes

Processing: Washed in a dipping solution, sulfur-dried under a roofed area

Packaging: Available in a variety of hygienic packaging options, including small, large, and bulk

Target markets: Middle East, Europe, East Asia, North America

Poloi Raisins

Appearance: Large, oval grains

Texture: Soft, thin, and shiny skin

Color: Light brown or golden

Taste: Sweet and pleasant

Moisture content: Between 15 to 18%

Source: Made from small, seedless grapes

Processing: Available in three types: sun-dried, golden (sulfur-dried), or dipped

Packaging: Hygienically packed in various sizes

Target markets: Middle East, Europe, and Asia

Dipped Raisins (also known as Sultana Raisins)

Appearance: Typically round or oval grains, small to medium size

Texture: Soft and sticky with a thin skin

Color: Dark brown or black

Taste: Sweet and mildly tangy

Moisture content: Between 13 to 15%

Source: Produced from various seedless and seeded grape varieties

Processing: Treated with a dipping solution

Packaging: Available in various sizes and grades

Target markets: Middle East, Europe, Asia

Maviz Raisins (known as Shahani Raisins)

Appearance: Medium-sized, round grains

Texture: Soft, sticky, and fleshy

Color: Dark blue or black

Taste: Sweet and very flavorful

Moisture content: Between 8 to 10%

Source: Made from meaty, low-seed or seedless Shahani grapes

Processing: Naturally sun-dried or shade-dried

Packaging: Available in various hygienic packaging, including small, large, and bulk

Target markets: Middle East, Europe, Asia, and the Americas

Production Process

The production process for raisins at Mahdiyar involves the following steps

Grape Selection: Selecting the best grape varieties based on quality standards

Washing: Carefully washing the grapes to remove contaminants

Drying: Utilizing modern drying methods, including natural and industrial drying

Packaging: Hygienically packaging products with high-quality materials

Mahdiyar Products Features

Made from the Finest Grapes: Mahdiyar raisins are produced from fresh high-quality grapes and retain their natural flavor and aroma after the drying process

No Additives: Our product is entirely natural, made without any harmful chemicals or additives

Variety of Packaging Options: Mahdiyar raisins are available in a range of packaging options suitable for household, retail, and industrial use

Competitive Prices: All Mahdiyar brand products are offered at competitive prices without any compromise on quality

Future Vision

Mahdiyar Company aims to expand its markets and diversify its product offerings by enhancing quality and innovating its products. The company also has plans to grow its exports and establish a presence in new markets
